FACILITY:

We are located in the heart of the Rockies at 8,750 feet elevation. Our mountain scenery is spectacular and our weather unpredictable! Summertime weather generally offers temperatures of 75 to 80°F with occasional afternoon showers and cool, crisp evenings with temperatures of 25 to 45°F. Our weather conditions can change quickly. Be prepared!

Camp Chief Ouray is located on the 5,100 acre Snow Mountain Ranch, YMCA of the Rockies. Your activities will take place in several different buildings and areas on the ranch. You may use the indoor pool, summer tubing hill, roller skating rink, craft shop, hiking and mountain biking trails, tennis and volleyball courts.

There is a coin-operated laundry next to the swimming pool for your use as a guest. There is also a gift shop and grille/grocery located in the Administration Building.

We are located between the towns of Winter Park and Granby. Both towns have medical, pharmacy, grocery, and post office facilities. We are 25 miles from the scenic village of Grand Lake and Rocky Mountain National Park.

LODGING:

All Active Older Adult campers will reside in one of Snow Mountain Ranch's lodges. Some of the lodge rooms may require climbing some steps. **Please make sure to indicate whether you can or cannot climb stairs on your registration form.** All rooms have 2 queen size beds, a mini refrigerator and microwave. Each room will include a closet area and a full bath containing a mirror, sink, toilet and shower. These rooms are carpeted and heated. Housekeeping supplies linens, towels, and bedding. We do assign rooms prior to your arrival. Your roommate assignments are based on the information you provide on your registration form and will only be changed due to medical reasons.

Married couples are roomed together. Rates are based on double occupancy. You may request a private room (single occupancy) for an additional charge.

The lodge is just far enough away from camp that you may consider driving to and from camp. Some activities at Snow Mountain Ranch such as canoeing, summer tubing, horseback riding are too far to walk.
